WHY THE GBK PRESEASON CAMP 2023?

In order to satisfy the need that groups/teams have to carry out physical preparation work and friendly games between different groups, from Globasket we want to present two different alternatives so that young people can practice their favorite sport before the regular season begins.

Before the next return to school, we present the **Preseason Camp** in which groups/teams will be able to get to know each other better at the same time that they carry out physical activities, sports indoors and outdoors in nature.

WHERE AND WHEN?

We will meet in our host city Lloret de Mar (Girona, Spain). The **GBK Preseason Camp** will start on Friday 25th August and end on Tuesday 29th August.

Both working programs are open to girls and boys groups/teams, U15 to U18.

WORK PROGRAM

The GBK Preseason Camp combines technical group sessions with a tournament between the registered teams.

All participating teams will have 4 group training sessions and Globasket will organise 4 games. All training sessions and games will take place in indoor halls and the games will have a referee and live statistics.
